EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS   Remote
Full-Stack Web Developer   February 2022– Present
BookMe — This is an app in which you can reserve a tour, create a tour, delete a tour and show all your reserved tours. This app was created in separate Front-End and Back-End repositories.
- Built with: (Ruby on Rails, React, Redux, JavaScript)
- Live Demonstration

Investopedia (Crypto) — A website that provides accurate data about various cryptocurrencies. It will show you everything you need to know. This includes market cap, top, and low selling, and its history, and gave you some core advice you should know before taking any step.
- Built with: (JavaScript, React, Redux, REST API, HTML5, CSS3),
- Live Demonstration

Foodify_capstone_project — This is a website that showcases top-notch food and its recipes from all over the world from Britain to Australia, from veg to meat. It will take your response in the form of likes and comments.
- Built with: (JavaScript, MEALDB API, HTML5, CSS3),
- Live Demonstration

MICROVERSE   Remote
Mentor (Volunteer)   May 2022–Present
- Mentoring junior web developers, and providing technical support through code reviews.
- Propose improvements to code organization to improve code quality and overall performance.
- Provide advice and tips on how to maintain motivation to maintain longevity in the program.

EDUCATION

MICROVERSE   March 2022–November 2022
Remote FullStack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

PUNJAB COLLEGE OF SCIENCE
Major in Engineering and Computer Science.   May 2019– September 2021
Awards and honors: Stood up among the top 50 students in the country.
